Made by the Experts

Our **COLORADO** School and All Occasion Footwear ranges have been designed and developed by a team of leading Australian podiatrists in conjunction with **COLORADO'S** product developer. With 35 years of experience in the footwear industry, they have created a winning formula for perfecting the construction of a range of shoes that deliver the ultimate support, comfort, stability and durability.

JUNIOR & SENIOR BOYS

1. HEEL SUPPORT

Secures the ankle. Orthotics for controlled motion & movement to reduce irritation.

2. REMOVABLE INSOLE

Orthotic friendly, allowing the amount of room inside the shoe to be customised for a personal fit.

3. IMPACT CUSHIONING

Reduces impact that causes stress to the ankles, knees, hips and lower back.

4. SHAPED TOE BOX

Ample width, depth and height to give toes room to flex and move irritation-free.

8 POINT PODIATRY CHECK

5. SECURE FASTENING

Keeps the foot in place, eliminating irritation from feet sliding within the shoe.

6. FOREFOOT FLEX

Enables the shoe to flex, following the natural movement of your step.

7. TORSIONAL STABILITY

Allows for normal motion while restricting excessive twisting that leads to tired feet and legs.

8. CONTOURED ARCH

Supports various shaped feet for added comfort to prevent ankle, knee, hip and lower back pain.

5-Point Durability Test

FLEX TEST

SIMULATES 100,000 FOOTSTEPS TO TEST THAT THE SOLE IS DURABLE, THE LEATHER UPPER FLEXES WITHOUT CRACKING, AND THE BONDING BETWEEN SOLE AND UPPER DOESN'T TEAR.

MARTINDALE TEST

THIS TEST ENSURES THE DURABILITY OF THE DRI-LEX LINING THROUGH 153,000 REVOLUTIONS OF HARSH ABRASION.

BONDING TEST

APPROX 30KG PULLING PRESSURE EXTREME STRESS IS APPLIED TO THE BONDING BETWEEN THE LEATHER UPPER AND SOLE OF A SHOE TO TEST ITS HOLDING ABILITY.

OUTSOLE ABRASION TEST

THE SHOE IS SUBJECTED TO ABRASIVE SURFACES TO ENSURE ITS LEVELS OF OUTSOLE MATERIAL INDUSTRY STANDARDS.

COLOUR FASTNESS

THIS TEST STOPS COLOURS BLEEDING AND STAINING SOCKS OR EXTERNAL SURFACES UNDER NORMAL USE.

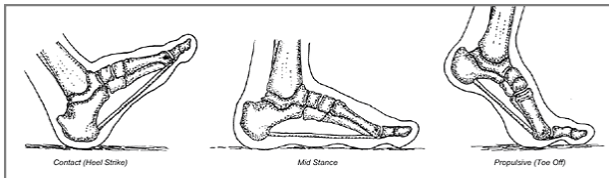

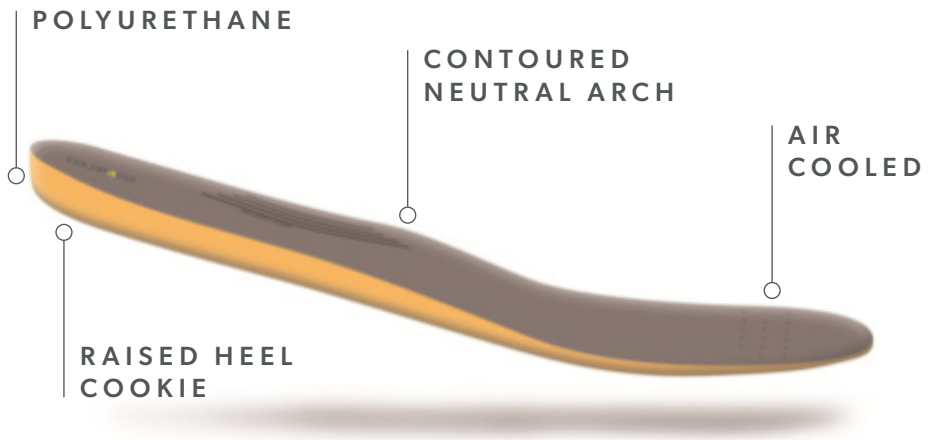

Colorado Leathers

All Colorado school shoes are constructed from premium grade full grain leathers that mould to the shape of the foot and increase comfort with every wear.

Colorado school shoes are also fully leather lined. Leather has natural characteristics that help the foot breathe like no other material, absorbing moisture to keep you comfortable all day long.

Supple, breathable and built to last, you can be assured that Colorado school shoes are made from only the highest quality leathers.

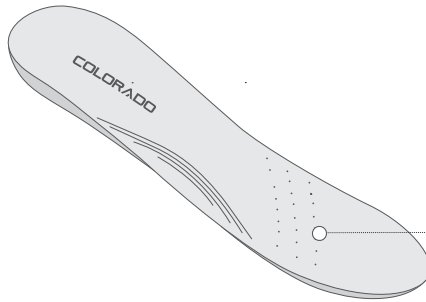

Energy Return System (ERS) Insoles

COLORADO MULTI-FIT SYSTEM

Colorado Built To Last range of school shoes cater for D, E and F fittings,
by adding or removing the provided insoles.

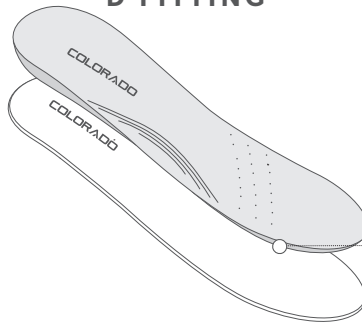

E FITTING

'E' FITTING

use our E.R.S insole only

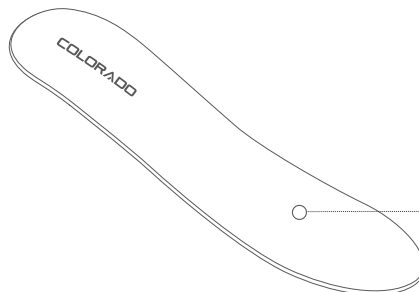

D FITTING

'D' FITTING

use our E.R.S insole
and our filler insole

F FITTING

'F' FITTING

use our filler insole only

What is Sure Grip?

Sure Grip is technology in the outsole of the shoe which makes the shoe **slip resistant**.

It's exclusive to the Colorado brand.

How does it work?

Like a car tyre, the Colorado Sure Grip range has a **uniquely patterned tread** with **deep, specifically angled grooves** that displace liquids so the outsole can make **direct contact with the ground** – this is what makes them slip resistant.

Colorado Sure Grip outsole has been tested to the **AS NZS 2210.5. 2019** standards (aka Australian Government Safety Standards).
