Parking is provided on-site. **New Grad. & Experienced PODS welcome** to seize this incredible opportunity. Catapult Your Career with Expert Mentorship.

About the business

At the Foot & Leg Pain Centre, we are all about you realising your potential and ultimately helping our patients to do the same. We are anchored by our values and mission with ongoing investment in Technology, Training, Mentorship/ coaching, and Facilities.

We are looking for an enthusiastic, humble and passionate Podiatrist who resonates with our mission and values:

Mission: be known as the predominant Foot & Leg Pain Practice.

1. Team First – We are humble, functioning as a team.
2. Credibility & Integrity - We stand tall, balancing evidence with experience.
3. We are World Class - We strive to exceed expectations.
4. We play above the line – We do what we say we will do.

As a result, we hire on ATTITUDE and DESIRE; we can teach you the skills.

What's in it for you:

- You treat the patients I serve as a sounding board and source the journal articles to support our extensive experience.
- \$1000/yr toward ongoing education.
- You can easily earn way beyond six figures... that's up to you! You will start on an \$80,000 + Super base and be percentage up. There is no ceiling. Historically first year podiatrists earn in-excess of \$100,000 in their first year.

- You will have a Full Induction and training pathway through our Evidence-Based MSK Onboarding Program
- We will teach you when and how to treat with joint mobilisation & manipulation, dry needling, trigger point therapy, flossing/ neural mobilisation shockwave therapy and other manual techniques, strengthening and conditioning with the goals of restoring asymptomatic propulsive gait with enhanced walking and running gait retraining programs etc.
- You will get in-house CPD training mentoring by a PhD graduate in Paediatric Clinical Biomechanics and Certified Sports Podiatrist (Fellow of Sports Exercise Podiatry Australia) and any other interests you have.
- You get to treat a lovely cohort of respectful patients who value you and your expertise.
- You will be a part of a world-class practice with a world-class supportive team.
- A strong caseload of MSK patients if you like.
- Access to an exhaustive evidence base, exploring the evolution of clinical principles from their inception, if you like.
- You will get to realise your potential.
- You never have to work on your Birthday or on long weekends.
- You get to work in a newly renovated, state-of-the-art, 21 yr established practice.
- You will have the support of 4 other podiatrists and administration staff.
- We have a tranquil team break and meeting area surrounded by trees in a friendly rural area.
- You get to help us with creating new ways to do business, as we are always looking for better ways to do what we do.

About the company:

The Foot and Leg Pain Centre was established in 1993 by Dr Angus Chard PhD & Certified Sports Podiatrist (FSEPA). The practice was fully renovated in 2018 and is committed to providing cost-effective, state-of-the-art, evidence-based treatments for the conservative management of acute and chronic foot and musculoskeletal leg conditions. Dural is a friendly, young family community with a village feel and plentiful cafes!

How to apply:

Call me and have a chat: 0419436633

Or email: chard@footandlegpain.com

Hope to hear from you soon

Angus
