

Set yourself up for the future with this diverse podiatry position!

Hinkler Podiatry is looking for a motivated podiatrist wanting to advance themselves and the profession. An award winning, family-owned business with a strong focus on innovation, evidence-based practice, and delivering excellent patient outcomes, by using industry leading equipment, encouraging ongoing professional development opportunities and having a client-centred ethos.

We are looking for a dedicated clinician excited about advancement with a strong interest in ongoing professional development to join our team of podiatrists.

Our accredited practice has a reputation for honesty, integrity and quality offering the latest 2D and 3D gait analysis technology, high speed cameras integrated with a pressure distribution treadmill in a dedicated biomechanics lab. We use the best diagnostic equipment and hands-on physical therapies. Our case load is varied with no nursing home work. We are currently increasing our focus to include premium footwear and specialist biomechanics clinics, as well as partnering with the Wide Bay Academy of Sports and many other local sporting organisations.

We are offering:

- ✓ Above award for new and experienced graduates + incentive bonuses + super + uniform allowance.
- ✓ Paid Association Fees + Indemnity Insurance.
- ✓ Flexibility around working hours and conditions.
- ✓ Paid Special Interest or National conferences.
- ✓ Graduate mentoring from university lecturers and Masters qualified sports medicine clinicians.
- ✓ Relocation and accommodation assistance.
- ✓ Education and workshops for immediate upskilling.
- ✓ Paid post graduate study in an approved field for long time loyalty e.g. Therapeutics, Sports Medicine, Wound Care, Diabetic foot care etc.
- ✓ The opportunity to enjoy the sub-tropical lifestyle and health benefits associated with affordable living.
