

👣 ATTENTION 🚀 Podiatrist WE ARE HIRING!

👀 Mentored by PhD (PaedBiomech) | FSEPA

Unparalleled Opportunity 🚶 (MSK Focus)

📍 30 mins from Sydney CBD | 1+yrs experience preferred

Accelerate your podiatry career in a world-class MSK practice? You will have autonomy to treat **high-value and complex patients**, working collaboratively within an experienced and supportive podiatry team.

You'll be entrusted with significant clinical responsibility, while having ready access to the clinic director (Sports Podiatrist, PhD in Paediatric Biomechanics, 35+ years' clinical experience) for case discussion, reassurance, or escalation when needed. **Support is close at hand, without micromanagement.**

If you're looking to deepen your MSK capability and confidence in a high-standard clinical environment, this role offers a rare balance of **autonomy, mentoring, and teamwork.**

Why this role stands out

- High-value MSK caseload with complex, rewarding presentations
- Direct 1:1 mentoring and structured MSK onboarding
- Full-time role with a mixed caseload tailored to your interests
- Newly renovated, light-filled clinic with on-site orthotic lab
- Premium patient base who value expertise

💡 What you'll gain

- Heightened self-esteem from solving chronic foot and leg presentations
- Advanced MSK training (mobilisation, dry needling, shockwave, gait retraining & more)
- \$1,000 annual CPD allowance + in-house mentoring
- Strong earning potential (base + uncapped percentage)
- Supportive team culture, admin support & real work-life balance
- Birthday + long weekends off 🎉

👋 Who we're open to

Podiatrists with 1+ years' experience with a passion for MSK and growth.
